
OSHA HAZARDOUS WASTE OPERATIONS and EMERGENCY RESPONSE INCIDENT COMMANDER TRAINING 8-Hour AGENDA

Purpose: The Incident Commander is the key decision making official at the operations level, during a chemical emergency response. This training will prepare the Incident Commander for this responsibility by making him (or her) familiar with the Incident Command System, the Company's Emergency Response Plan, the local, state, and Federal emergency response plan, and specific operational procedures designed to prevent the spread of contamination.
